

The GASPÉ COAST

2018 VACATION GUIDE

*Follow
the fun!*

The Gaspé **Spec** 

ESTABLISHED • MAY 1975

Welcome! Bienvenue!

The breathtakingly beautiful Gaspé Peninsula awaits you. Whether you wish to take day trips from your home here on the Peninsula or if you are a visitor from another place, you will want to stay longer to enjoy the natural beauty that abounds here. Many visitors change their itinerary once they arrive here and stay longer than they anticipated. There are campgrounds, motels and hotels, and Bed & Breakfast establishments, offered at reasonable rates, that will make you feel comfortable and well rested for all that the Gaspé can offer you and your friends and family. The Gaspé offers the perfect destination for solitary travelers, friends and families of all sizes!

You can relax on the beach, swim in the salt or fresh water, or laze all day while enjoying a good book. Those who prefer a more active experience may choose to fish, go boating or rent a canoe or kayak. Bring your bike and enjoy cycling around the Peninsula. Hiking opportunities offer many different levels of difficulty and a wide variety of locations. There are many museums and Interpretation Centres for those who enjoy history, culture and nature.

Highway 132 is the highway that circles the Peninsula and offers you an almost constant view of the Bay of Chaleur or the Gulf of St. Lawrence. Don't deny yourself the enjoyment of discovering more of the Gaspé, a little bit "off the beaten path". Take your time because the Gaspé is best enjoyed at a leisurely pace.

Many of the residents of the coastal towns and villages along the southern coast are English-speaking and many residents are bilingual. Many of the English-speakers are the descendants of Scottish, Irish and English immigrants. The Gaspé also is the home of people who are Mi'gmaq aboriginals. Acadians also settled here. The residents of the Gaspé are a blend of many influences and cultures and its rich and varied history is evident. Names of towns, churches, style of homes and even names of streets are a clear indication that we are a blend of a number of cultures.

The Gaspé has something for every visitor, young or old. There are opportunities to enjoy the water, whether the salt water of Chaleur Bay, the Gulf of St. Lawrence or the pristine lakes and rivers that abound here. If you are looking for a vacation for total relaxation or a more active holiday, that is up to you! Opportunities to take memorable photos abound. Snap a selfie in every location you visit. What memories you will create.

The Gaspé

THE southern coast

TOURISME GASPÉSIE

The southern coast of the Gaspé begins near Matapédia if you are travelling eastward. The fun starts as you drive, or cycle, eastward. You will come to the communities of Restigouche, Listuguj, Pointe-à-la-Croix, Pointe-à-la-Garde, Escuminac, Miguasha, Nouvelle and Saint-Omer. Restigouche is the location of The Battle of Restigouche in 1759. Essentially it was a battle between the British navy and the French and their allies, which included Mi'gmaq and Acadian troops. The French, after this defeat, ended their hopes of reclaiming Quebec.

Miguasha is the home of a UNESCO World Heritage Centre. This site is recognized because of the presence of fossils, which provide excellent examples of the era known as the "Age of Fishes". Some of the very best fossil specimens, in high numbers, have been unearthed here. An interpretation centre describes the importance of these fossils from 370 million years ago.

As you travel eastward, all the while having an excellent view of the Bay of Chaleur, be sure to enjoy the variety of sea birds that abound on the Gaspé Peninsula. The Bay of Chaleur was given its name, meaning "bay of warmth" by Jacques Cartier in 1534. Though the water temperature is often cool, Cartier arrived in July that year when the waters were a little warmer.

Carleton, which includes the town of Saint-Omer since 2000, derives much of its economy from tourism. In fact, almost ¾ of the population is employed in tourism and the services

which support it. With a population of about 4,000, Carleton has a great deal to offer tourists. Dining, thalassotherapy, unique stores and a beautiful waterfront all add to the lovely vacation experience to be enjoyed in Carleton and the area. For those who love activity, the awesome beach offers kite surfing and a sailing school. To conclude a day of water fun, sleep in a yurt and be lulled to sleep by the sound of the waves.

New Richmond

New Richmond is found between Maria, Gesgapegiag and Caplan. The town also includes the smaller communities of Black Cape and St. Edgar. The first Europeans who settled here were from Scotland in the mid-1770s. It still has a large English-speaking population. The town has a heritage village at Duthie's Point, which offers a military museum, shops and historical exhibitions, forest trails and scenic picnic areas. The town boasts a shopping centre and, of course, a gorgeous waterfront with a variety of things to do and see at Taylor's Point. Your fun day at Taylor's Point can include a picnic, as well as paddle boarding and kayaking. During the summer on Saturdays, a Farmers' Market offers local products for sale. Also a visit or an overnight stay at Pin rouge would be a memorable and peaceful, off the beaten path type experience. A variety of places to eat and shop are available in New Richmond.

A DAY AT *the Beach*

Everyone loves a fun day at the beach!

Think of the beaches of the Gaspé as your playground with so much fun waiting to be had. Pick your spot, put down your blanket or chairs and your day begins. Don't forget a picnic, sunscreen and sand toys. Don't worry about getting wet. Accept that you will find a wee bit of sand here or there on your blanket or in your bathing suit. You can set the pace for the day of sun, sand and water. The day can be active or restful. It's up to you. Your fun day can include:

Hunting for shells, sea glass or other small treasures.

Collecting driftwood for an outdoor firepit.

Building a sandcastle.

Writing your name in the sand with a stick.

Bird-watching.

Covering your legs with a sand "tail" to become a sand mermaid.

Taking lots of photos.

Cloud watching.

Swimming, splashing and tubing.

Skipping stones.

Flying a kite.

Fishing.

Playing sand hopscotch.

Reading.

Enjoying a picnic.

Relaxing while enjoying the sounds of the seashore.

Watching the sun set on your "Day at the Beach, Gaspesian-style".

Paspébiac

Paspébiac is a historically significant town which boasts the Banc de Paspébiac which is the home of a historic fishing centre established by people from the Channel Islands, the most prominent being Charles Robin. Paspébiac was Quebec's first cod fishing centre. You may notice that the accent of the French is distinctive to Paspébiac. The early Europeans came from Portugal and the Basque region and their language's influence can still be detected in the area today.

This site has been officially recognized as a National Historic Site of Canada. Currently a very busy wharf and fishing plant are located here. Come during fishing season to see the boats unload their precious cargo. There is a store open to the public where you can purchase freshly caught crab, lobster, herring and more! A scenic boardwalk provides a lovely environment for walks, gazing at the water, watching the seabirds and smelling the fresh salt air. On summer evenings you may fish off the wharf while enjoying the sights and sounds of the beach.

The town also offers a motel, an auberge, several restaurants, pharmacies and shopping. The town hosts several music festivals and a crab festival in August. The magnificent Catholic church has a Casavant organ and offers evenings of music there.

AS YOU TRAVEL *eastward*

As you travel eastward you come to the municipality of Hope you'll find a lovely family friendly park which offers mini-golf and tennis courts. Watching a game of softball will be a great evening of family fun. The locals fish for sea bass in the evenings. A seaside hike will offer numerous opportunities for photographs at any point in the day or evening.

The municipality of Hope Town, which is just east of Hope, has a large campground with a beautiful view, a pool and a very busy canteen! This is the perfect place to stop with your family because the children will enjoy the popular playground. Hope Town derives its name from Henry Hope,

born in Scotland around 1750. He was a Lieutenant Governor of Quebec. The first European to settle there was Duncan McRae, a soldier from Scotland.

As you travel eastward you will pass through Saint-Godefroi, Shigawake and Port Daniel - Gascons. Each town is unique, and all offer a variety of interesting experiences for travelers.

Saint-Godefroi has a scenic harbour and you might be able to watch lobster and other fishing vessels come and go. A fresh fish store is situated here. Predominantly French-speaking it has a population of about 400. A scenic campground is available there as well.

Shigawake is a small, vibrant community that takes its name from the Mi'gmaq word meaning "land of the rising sun" or "white water." The oldest farmhouse, from the early 1800s, on the Gaspé that was continuously inhabited by one family is located in Shigawake. The annual Shigawake Agricultural Fair and Music Festival, running for over 100 years, draws huge crowds for the agricultural activities and the eclectic, always enjoyable Music Festival. Stop the car, get out and allow the children to play on the playground. This ups the fun quotient for your kids.

The city hall in Port Daniel has very interesting architecture and provides great photo opportunities, as does most of the Gaspé Peninsula. The recently completed McInnis Cement Plant is easily visible when driving along Route 132 and is an important industrial project for the region. Here the calcium-rich rock, particularly limestone, is crushed and heated to make material producing cement.

Shigawake is a farming and fishing community, settled in the 1800s by mostly Irish and Scottish people. To this day the majority of its residents are English-speaking, living in harmony with their francophone neighbours cultivating the land and harvesting the sea.

This lovely little pastoral village gets its name from the Micmac Chigouac, meaning "land of the rising sun". Indeed, the sun rises right out of Chaleur Bay here, turning the local sandstone cliffs a brilliant red.

At our tourist stop you will find families enjoying themselves playing baseball and volleyball. You can take advantage of our no service camping area. You will also appreciate strolling the foot-paths through a beautiful cedar woods with lookouts on the Baie des Chaleurs & Fisherman's Wharf with picnic tables and benches. Enjoy our walking trail to the Shigawake waterfalls with picnic tables along the way.

Marvellous Mussels

Mmmmmmm, mussels! One of the most delicious foods that you can enjoy on your Gaspesian vacation! While here you must try this scrumptious seafood. Mussels can be served smoked, steamed, fried in butter or even barbecued. Check that your mussels are alive just before you cook them. If not, they will be inedible, even poisonous. If your mussels are open when you get them, they are dead and should be thrown away immediately. Rinse the mussels in water and remove the "beard". When you cook your mussels, they will open slightly and you can peek inside to see the soft parts inside. Three ounces of mussels contain about 70 calories and are nutritious powerhouses. Mussels contain selenium, zinc, folate and vitamin B12. If you serve them with garlic butter, it ups the calories but also the flavour. The most common method of preparing mussels is to steam them. To prepare your mussels, sauté some green onion, thyme and garlic in

hot oil to create a stock base. Add some wine, chicken broth and lemon juice. Cover your pot and steam over a medium to high heat for about 10 - 15 minutes or until the mussels open. Serve with fries or crispy green salad and a baguette. Mmmmmmm, mussels! A fun authentic Gaspesian meal!

Canteens: FUN DINING

Eating is one of the joys of any vacation. You will find many roadside canteens on your Gaspesian holiday. Canteens are fun dining, not fine dining, but are often very satisfying and delicious. Canteens can be small trailer type buildings with no indoor eating area. Some have a small indoor area to eat. Do not expect linen tablecloths. When you stop at a canteen, don't expect an extensive menu, but definitely burgers, hot dogs and fries for starters. The Gaspé canteens often serve the best poutine and its variations. If you are very hungry, you might order a galvaude. This variation of poutine contains fries, gravy, cheese, peas, chicken and coleslaw. You will feel full for hours after.

Every canteen is unique and offers a different hand-written menu on a board out front. Be ready to order in French and pointing will work if necessary. In most cases you go up to a counter and order through a window. When you get close to the window, the first thing that hits you is the mouth watering smell.

It is an experience that you do not get at a regular restaurant. It is delicious because it tastes like homemade food, not prepared or frozen. Warning: Do not worry about calories or fat content. Enjoy the food, you do not eat this every day.

Diners eat at picnic tables or in their cars. You can take it with you to the beach, hotel, or just park some place with a view and enjoy your canteen food. Canteens are the fun side of Gaspesian dining. You can eat salad tomorrow.

Chandler

Chandler is the second largest town on the Gaspé, after the town of Gaspé, with a population of 7,700. This area is one of the first areas settled on the Gaspé Coast. It was destroyed in 1758 by General James Wolfe and rebuilt by 1860. In 1912 Percy Chandler built the first pulp and paper mill on the Gaspé. It has a magnificent church, as do most Gaspesian towns. The Catholic churches tend to be large stone churches, while the English churches, such as Anglican and United are more modest architecturally, but just as beautiful and charming. A shopping mall and many restaurants are located in Chandler. A very beautiful experience can be had at Nova Lumina. This evening activity offers a night walk through the forest where trees are illuminated, and music accompanies a magical experience.

UNDER THE STARS

Starry, starry nights await you on the Gaspé. Because we do not have loads of streetlights or glaring neon signs, known as light pollution, you can watch the night sky and see so much. Warm, summer evenings offer the best sky views. Get a comfy chair where you can put your face up to the sky. Give your eyes about 10 minutes to adjust to the darkness. On a clear night you can see stars, planets, our moon; and identify constellations, the International Space Station, and airplanes flying overhead. Visit spotthestation.nasa.gov to find out when the Space Station will be visible. You can download the free app on your cell phone called FlightAware, which will inform you of the kind of plane that is flying by and where it is headed. Also download the Night Sky app, it will tell you whether you are observing a planet or a star. Just point your cell phone to the object in the sky. Without a cell phone app to help you, stars seem to be twinkling and planets give off more of a glow.

You may be very lucky and see the colourful Northern Lights as they dance across the sky. This has to be one of the most beautiful sights on the Gaspé. Note when full moons and meteor showers will occur. The latter normally occurs from mid-July to August. Closer to the ground you may be lucky enough to see fireflies, which seem to be increasing in number. The sight of fireflies dancing across the top of rosebushes is a beautiful sight. The Gaspesian nights are full of splendour.

A visit by boat to Bonaventure Island and around "The Rock" will provide beautiful memories and photo opportunities of your vacation to the Gaspé. Percé includes a number of smaller communities, such as Barachois, Cap-d'Espoir and Val-d'Espoir. Many lovely and quaint shops, restaurants and bird-watching opportunities offer a full day in the town of Percé. Wear comfortable shoes. You will be doing a lot of walking! Be sure to visit the Corner of the Beach Historical Museum in the former St. Luke's Anglican Church. For outdoor enthusiasts, a visit to the Geopark is recommended, if you crave adventure, you will find it at the Geopark. You can hike, visit the interpretation sites, zipline and walk on a suspended glass platform.

Paddle

THE DAY AWAY

You can bring your own kayak, canoe or paddleboard to the Gaspé. There are places to rent these also. Canoes are lightweight and narrow and are pointed at both ends. One or more paddlers are seated or kneeling and face the direction they are going. Paddlers use a single-blade paddle typically made of wood or fibreglass.

A kayak is a type of canoe, originally built by Inuit. It is made with a light frame and has a watertight covering with small openings in the top to sit. Kayakers use a double-bladed paddle. The canoe paddle is held with both hands and is pulled from front to back in the water. The kayak paddle is dipped from one side to the other. Gloves can be worn to prevent blisters.

Paddleboards are long, narrow and buoyant boards, akin to surfboards. The length varies from 8 - 12 feet (2.4 metres to 3.7 metres). While being assisted by the waves the person uses their arms while kneeling or lying on the board to move forward. You can also stand up on the board and use a long paddle to move and guide your paddleboard. All of these paddle sports are excellent workouts, but getting out onto the beautiful, pristine waters of the Gaspé also helps to give you a feeling of serenity that will last well after your vacation is over.

Gaspé

AND AREA

As you travel towards the town of Gaspé you will pass through scenic Douglastown, Haldimand, York and Wakeham. Douglastown, located just 15 minutes southeast of the town of Gaspé, is the home of many musical events. Check in The Gaspé Spec newspaper for upcoming shows and music festivals in many areas that you will visit. Douglastown has one of the largest Irish Catholic communities in the Gaspé region. A festival celebrating the Irish heritage is held every August. Watch for a barachois, a coastal lagoon which is separated from the water by sand formations, that is over 2 ½ km long. Haldimand Beach is a beautiful place to spend a day, or more. Don't forget to take a picnic lunch! Wakeham is named for William Wakeham, a doctor and fisheries inspector who resided in the area.

The town of Gaspé has a population of just over 15,000. Be sure to visit the Musée de la Gaspésie. Also visit the cross which signifies the visit in 1534 by Jacques Cartier who claimed the area for France. The Site d'Interprétation Mi'gmaq de Gespeg offers an indoor exhibit and reconstructed dwellings which inform the visitor about the indigenous people of the Gaspé. During WWII the deep harbour of Gaspé was used by British and Canadian navies. Today you may spot a cruise ship

docked there. If you would enjoy a day of whale watching, then this is the right area to do so. Seeing these gentle giants of the sea is an amazing thing to experience. From May until October is the optimum time to spot whales. A shopping centre, motels and numerous restaurants are available. The town also has a hospital and a CEGEP (Community College).

Park Forillon is a treasure awaiting you at the tip of the Gaspé Peninsula. It covers 245 square kilometres and was the first national park in Quebec. You can choose from a variety of fun experiences, including hiking, walking along the beach, snorkeling, birdwatch, and camping. There are historical sites to visit, including a World War II cannon. You may be lucky here and spot a whale while you are out sea kayaking!
